Topic Contractor Safety Assessment

Did you know? 50% of vendor safety issues can be avoided by simply asking the necessary questions? If you don't ask, how will you know it's a reliable vendor? Trust, but verify!

Speaker Jose Valdez, CSP, Wisdom Advisers, Managing Director

Jose is currently the Managing Director at Wisdom Advisers, as well as a Senior Safety, Health & Environmental Manager Consultant with manufacturing and HSE project management oversight consulting experience for companies like Texas Instruments, Chevron, Intel, Motorola, Alcon Labs, and Mohawk Industries. Jose is a subject matter expert on contractor assessments and constructability reviews that include, but are not limited to, complex gas and chemical systems and Building and Fire Code requirements.
